- Member is responsible for copayment or coinsurance in addition to any charges above allowable amounts. The copayment/coinsurance percentage indicated is a percentage of the allowable amounts. Preferred providers accept Blue Shield allowable amounts as payment-in-full for covered services. Non-preferred providers can charge more than these amounts. When members use non-preferred providers, they must pay the applicable copayment percentage of the allowable amount or coinsurance plus any charges that exceed Blue Shield's allowable amount. Charges above the allowable amount do not count toward the plan deductible or copayment/coinsurance maximum.
- These copayments do not count toward the copayment/coinsurance maximum and will continue to be charged once the copayment maximum is reached.
- For non-emergency hospital services and supplies received from a non-preferred hospital, Blue Shield's payment is limited to \$250 per day. Members are responsible for all charges that exceed \$250 per day.
- If a member requests a brand-name drug or the physician indicates Dispense As Written (DAW) for a prescription, when an equivalent generic drug is available, and the brand-name drug deductible has been satisfied, the member pays the generic copayment plus the cost difference between the brand-and generic drug.
- All covered orthotic equipment and services have a benefit maximum of \$2,000 per member per calendar year, except those services covered under the Diabetes Care benefit.
- Blue Shield of California and Blue Shield have contracted with a specialized healthcare service plan to act as our mental health services administrator (MHSA). The MHSA provides mental health and chemical dependency services, other than inpatient services for medical acute detoxification, through a separate network of MHSA participating providers. Inpatient medical acute detoxification is a medical benefit provided by Blue Shield preferred or non-preferred providers.
